EXAMINER'S AMENDMENT

To correct a minor deficiency, claim 3 has been amended to correct the defining of the insides a second time as the insides are now set forth in claim 1 as amended. Additionally, the rollers were merely placed in the insides instead of inside the insides as such appears redundant.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Charles E. Baxley on 8 July 2005.

The application has been amended as follows:

In the Claims

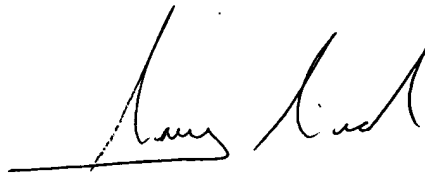

In claim 3, line 2, change "to an inside of" to ---in said---.
